## About the Course

In this course, you will be introduced to Articulate Storyline, an eLearning tool to help you build interactive content. Learn how to plan a Storyline project, create a presentation using all of the different assets and elements, work with media such as audio and video, and publish your project to CD, learning management system, web and mobile. Student will also discover how to assess the effectiveness of an eLearning experience using the Storyline quiz features

## Course Methodology

Hands-on lab with industrial related review

## Who Should Attend

Schools, Higher Learning Institutes, Enterprises, Lecturers or Teachers
